FLY

FREEDOM

TO FLY

The top deck offers extra space and perfect visibility

Exceptional design and one of the most spacious interiors in its segment – meet the Galeon 340 FLY.

Expert engineering and Galeon's years of experience have come together to produce a yacht designed to provide the greatest possible independence on all three decks. The exterior includes a foldout sofa in the cockpit, with a generous flybridge that holds a table, refrigerator, and comfortable tanning beds. Attractive, modern glass doors lead to the saloon. Behind the doors is a

A compact yet spacious frame of the 340 Fly

well-equipped galley and an ample control room, along with a comfortable sofa and dining table. Visibility is optimal, whether steering from the helm station or the flybridge. Various top-of-the-line navigation equipment is available. Below deck, find one single cabin and two double cabins. The separation of the toilet from the washroom provides for both comfort and privacy. The cabins and saloon all have numerous storage spaces and cabinets for stowing items, to keep things from moving about during fast cruising.

The distinct line catches the eye

340

FLY

Several interior finishing options include wenge, walnut, mahogany, oak – and a long list of available additional options. The 340 FLY lets you choose how much power you need, with two engine units available: the Volvo Penta and the Mercruiser Cummins. Choose from single or double engine installations that reach up to 2 x 320 horsepower. The open water is all about freedom and the 340 FLY will let you explore to your heart's content.

Cockpit seating can be turned into a sundeck

The main living area complete with galley, dinette and helm

The seat can be turned to face forward

The galley can store supplies even for longer cruises

An extra berth in the saloon

A comfortable owner's cabin located at the bow
